Doc. 44, Case No. 14374.

The Computing Scale Co. vs. C. R. Comstock et al. In Wood County, Ohio, Court of Common Pleas. By virtue of an execution issued in the above entitled cause, by the Clerk of the Common Pleas Court of Wood County, Ohio, and to me directed and delivered, I will offer for sale at public vendue, at the front door of the Post Office, Perryburg, Ohio, on

WEDNESDAY, MARCH 29, 1905,

Between 10 and 11 o'clock A. M., of said day, the following described goods and chattels to-wit: One set Dayton Computing scales. Terms of sale: Cash. W. S. REECE, Sheriff. By A. C. ROACH, Deputy. D. K. Hollenbeck, Plaintiff's Attorney. 29 Bowling Green, O., Feb. 14, 1905.

WATER WORKS MEETING

Interest Increasing and People Becoming Enthusiastic.

At a meeting held Friday evening last, the following members were present: Messrs. G. W. Moser, L. M. Small, Chas. V. Tyler, Geo. J. Munger, R. R. Hartshorn, G. B. Craig, C. E. Stinebaugh, W. F. Powell, G. W. Hoffmann, Geo. Munger, Sr., F. G. Rebensall, Henry Uthoff, G. Fred Hoffmann, Godfred Hoffmann, F. E. Bowers, C. A. Hoffmann, C. L. Maddy, N. L. Hanson, Chas. L. Koch, R. R. Hillard, J. J. Amon and F. B. Zingg.

Visitors were present as follows: Messrs. H. C. Leydort, Wm. Scott, W. A. Finkbeiner, John Hickler, T. M. Franey, Phil Sheridan, F. E. Woodin, H. M. Hoover, S. Saltonstall, J. E. Churchill, Theo. W. Brake, Rev. J. H. Kleekamp, F. D. Hegamaster, C. H. VanNorman, Art Thornton, Geo. J. Rossbach.

The report of the construction of the water works plant in Bluffton Ohio, was read and ordered placed on file.

The president outlined the full purposes for which the association was formed.

Rev. J. H. Kleekamp was called upon, and delivered a very interesting address, giving his full support to the proposed improvement, and tendering the use of the C. M. B. A. hall to the association for its meetings. The offer was accepted and a vote of thanks tendered Rev. Kleekamp.

Remarks were also made by Messrs. Theo. W. Brake, C. A. Hoffmann, N. L. Hanson, R. R. Hillard, T. M. Franey, H. M. Hoover, L. M. Small and Frank B. Zingg.

The following applications for membership in the association were read and the members admitted: A. C. Fuller, J. Davis, R. P. Barton, E. L. Blue, W. H. Rhinefrank, J. H. Rhinefrank, Art Thornton, C. H. VanNorman, Philip Wetzel, A. J. Witzler, H. H. Sargent, W. A. Finkbeiner, Rev. J. H. Kleekamp, J. E. Churchill, F. D. Hegamaster, Wm. Veitch, John T. Carlin, Geo. J. Rossbach, W. R. Scott, Thos. M. Franey, B. F. McCaslin, William Witzler, Chas. H. Hoffmann, F. D. Hegamaster, Satterlee Saltonstall, Henry Honner, J. C. Leydort, Irvie Curtiss, Wm. Mills, Jas. Cook, M. B. Cook, Russel Schaumbloeff, Geo. J. Kemp Jr., T. VanTine, N. Ench and H. J. Smith. G. W. Hoffmann reported that the application blank left at his place of business contained eight names and same would be presented at the next meeting.

The president appointed the following as the committee to prepare data: R. R. Hillard, J. J. Amon, C. L. Maddy. Committee to make the additions to the tax duplicate, T. M. Franey, F. E. Bowers, Jacob Davis.

The meeting then adjourned to meet again at the C. M. B. A. hall on next Friday evening, March 24, 1905.

Receipts of the evening \$9.00. Expenses nothing.

R. R. Hillard, Sec'y.

WILL MOVE TO TOLEDO.

D. A. Haylor, who has business interests in Toledo, expects to move his family to that city soon. Mr. Haylor has been a resident of Bowling Green for a number of years and has been closely identified with the city in many ways. He was for ten years superintendent of the public schools, and is known to nearly every one in the city and county.

A large circle of friends and acquaintances will regret very much to learn of the intended departure of Mr. Haylor and his family from Bowling Green.—B. G. Sentinel.

BUILDING BIG POWER HOUSE.

The T. B. G. & S. Traction company is putting in a mammoth power house at Findlay after which the cars will be able to more readily make the schedule and to do even better than the schedule. The total weight of the new machine in 215 tons and the fly wheel alone weighs 45 tons. Sixteen cars are necessary to bring the machine to Findlay from the factory.—Tribune.

ATTACKED BY A MOB

And beaten in a labor riot until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welsh of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at Bowers & Comstock's drug store.

PERRYSBURG PROGRESS

Strong Arguments in favor of Water Works System.

To the Citizens of Perryburg:

The Perryburg Improvement Association, formed for the purpose of bringing about needed improvements in the village, takes great pleasure in furnishing you with the following information regarding the proposed water works system for the village:

A great many so called, arguments have been advanced against the proposition, and the association, following out the objects of its formation, has felt it its duty to investigate each one and endeavor to bring the matter before the citizens in a way that all could thoroughly understand the same.

In this issue will be found a table giving information concerning water works plants in various other towns, and we hope each voter will investigate the same fully. As will be noted there are three of the towns, from which information was requested, yet to hear from; and as soon as the reports from there are received each will be inserted in the proper columns.

It will also be observed that some of the boards of Public affairs, to whom the questions were sent, neglected to answer a few of the same. To all such the lists have been returned, with a request for full information, and the same is expected for the next issue of this paper.

One of the first arguments that was advanced when the water works question was first brought up, was that the town was too small for a system of this kind. To prove that such is not the case, we have only to refer to the table which shows towns as small as 379 population, that have complete systems; besides the association has on file a list of twenty six other towns, with a population under 1800 that had water works systems as long ago as 1897.

One of the strongest objections made by a great many to the installation of the plant here, is that the village is too much in debt to think of such a proposition. Upon investigation, we find that such is not the case. The total indebtedness of the village at the present time is \$32,703.64 which includes the last issue of Front street improvement bonds, and included in the amount is also the \$15,000.00 of the Way library fund, drawing only four per cent interest, and looked upon by the well informed people of the town, as a sort of an irreducible debt in as much as the village is bound by the terms of the will of Mr. Way to invest the money in some kind of security. The statement has been made, that the proposed plant would bankrupt the town, as it already had over \$6,000.00 in bonds that it could not raise the money to pay; this statement is very misleading to say the least, as it would lead an outsider to believe that the credit of the town was bad, etc., when as a matter of fact there is no town in the state whose credit is any better, as witness the price at which the Front street improvement bonds sold at a premium of \$451.00, being paid for the same which bears interest at 5 per cent. We have the assurance from bankers that an issue of \$30,000 worth of bonds bearing interest at only four per cent would sell at a premium. Any one who will take the time to investigate the matter can very easily discover why the town "has bonds in the bank which it cannot pay," and it will be found to be, not because the town is too poor, but because of a lack of good business judgment on the part of some members of the council in years gone by. As will be remembered by a great many in 1888 or 1889 the town issued three series of bonds aggregating \$44,500.00 and provided that the same should mature in serial form, at the rate of about \$5,000.00 per year; this ratio of maturity was followed for several years. (Continued on Eighth Page.)

INTERURBAN HAPPENINGS

News from our Neighbors in Surrounding Towns.

Lima City, March 22, 1905. Mrs. Geo. Caldwell and daughter Ida spent Monday in Toledo.

Mrs. Clarence Joslin was the guest of Mrs. C. H. Joslin of Detroit the latter part of last week.

Frank Andregg was the guest of Tony Morlock and family Sunday.

Mrs. W. J. Hitchcock of Bowling Green is spending this week with Mrs. Clarence Joslin.

Mmes. Geo. Whitson and Isaac Whitson were Tuesday callers of Mrs. Nollenberger.

Misses Anna and Lizzie Gertles and Anna Myers of Dowling spent Tuesday with Tony Morlock and family.

Mmes. Becker and W. A. Ketchen of Toledo were Mrs. Clarence Joslin's guests the first of the week.

Mmes. Geo. Lintner, John Mogul, Isaac Whitson and Geo. Whitson were guests at a sewing bee at the home of Mrs. Chas. Zingg on Wednesday.

Hobart, March 21, '05. Mrs. Geo. Miller is visiting friends at Toledo.

Fred Snyder and wife called on friends at Luckey, Saturday.

Rob't Nietz and Miss Bertha Chandler spent Sunday with T. Johnson and wife of Toledo.

Mrs. Alice Rice of Fayette has returned home after a pleasant visit with her sister, Mrs. F. Reuthinger.

Geo. Snyder, wife and son, Ernest, visited his parents, Fred Snyder and wife, Sunday.

Ed. Stauffer called on Ed. Muhl Sunday afternoon.

Mrs. Gosset of Dowling visited her daughter, Mrs. John Emmitt, Sunday.

Mrs. J. Swartz and Miss Emma Swartz called on Mrs. J. Bench, Tuesday afternoon.

Wm. Schlatter of Archibald will make his home with Fred Reuthinger this summer.

Bates, March 22, '05.

Miss Laura Burdo was pleasantly surprised by a number of her friends Saturday afternoon, the occasion being her seventeenth birthday. Music and conversation were the features of the afternoon and refreshments were served. Those present were: Misses Amy, Kitty and Ruth Mandell, Pearl Kindervater, Clarissa Beitel, Mabel Brossia, Gertrude and Erna Kindervater, Laura, Mary, Carrie and Bessie Burdo. Messrs. Nancy Clark, Gus and Wm. Burdo.

Miss Leona Kindervater called on Mrs. Wm. Burdo, Tuesday afternoon.

NEW CENTURY CLUB.

The New Century club met with Miss May Cranker on Wednesday last.

Responses from Madame Roland was given at roll call. Miss Cora Pierce read a paper, "Marie Antoinette, and the Downfall of Royalty" which was very interesting and well received.

Mrs. Minnie Blue's subject Wits and Beauties of the Salons was very instructive.

Miss Ruby Cranker favored the club with several beautiful piano selections.

The next meeting will be held April 12 with Miss Margaret Pargellis.

If Dr. Osler's rule that men should be chloroformed at sixty were put into practice what would become of our honorable Senate?

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper recommended this remedy and it completely cured me." There is no use of any one suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by Bowers & Comstock, drugists.

AGAINST WATER WORKS

Perryburg Citizen Says Village is too Poor to Invest.

To the Tax-payers and Residents of Perryburg, Ohio:

A Resolution declaring it necessary to provide Water Works for our village, having been adopted by the required number of our Village Council the question of issuing the bonds of the village to the amount of \$30,000.00 from which source to realize the money with which to erect buildings, purchase lands and machinery drill wells &c., for said water works will be submitted to you for your approval or rejection by ballot at a Special Election to be held on April 22d next, and we have been told that money will be used to carry the election.

While I know there is no resident of our village, be he or she, a taxpayer or otherwise, who is more anxious and desirous than myself, that our citizens should have the benefit of water works and of all other modern improvements and conveniences or who will be quicker to take advantage of them if within my reach, and while I may be by some of our people unjustly classed as an obstructionist and as one opposed to public improvements, yet believing there may be some who have given the matter but little or no serious thought or consideration, and who have but little or no knowledge of the present financial condition of our village, and of its affairs, I take this method and opportunity to give such facts as I may have regarding same, hoping by the information thus given, some of us at least may be enabled to vote more intelligently upon the question thus to be submitted to us.

If we were contemplating the contraction of an individual liability of such an amount, or even of a fractional part of it, we would all be very naturally inclined, and as a matter of precaution, to "take an account of stock," to learn firstly, "where we are at" and secondly, "where we would be at" in case we assured the liability, and does it not devolve upon us as citizens and especially property holders, having the welfare and prosperity of our village at heart, and a reasonable regard for the welfare and prosperity of our families and those who may come after us, before burdening our village, ourselves and our descendants, with an additional indebtedness of this magnitude, especially in view of that which we already have, to stop in our mad rush, and earnestly and soberly ask ourselves the questions. Is this necessary, or required, or wise, at this time? Can we afford to do it now? What is the condition that now confronts us? In answer, I propose to state some facts, and only facts appearing of record.

Our corporation records disclose the fact that we now have bonds of our Village outstanding to the amount of \$26,500.00 and Certificates of indebtedness to amount of \$600.00, that \$6000.00 of said Bonds are bearing interest at 5 per cent; that \$20,500.00 of said Bonds are bearing interest at 4 per cent, and that said certificates are bearing interest at 6 per cent; that \$5,500.00 of said Bonds are payable in 1913, and \$15,000.00 of said Bonds are payable in 1917. Said records disclosed the further facts, that said \$6000.00 of Bonds above referred to, are now past due, unpaid and not a dollar in the treasury with which to pay them, and it further appears in said record that additional Bonds of our corporation to amount of \$5293.64, and bearing 5 per cent interest, payable in fifteen years, have within a few days been sold, the proceeds to be used in the completion of the intersections of the Front street improvement. A little (Continued on Eighth Page.)

THE GOOD OLD WAY.

A severe cold or attack of la grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old-fashioned reliable treatment, such as would be administered by their grandmothers, backed by Boschee's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater household favor than any remedy. But even without the application of the old-fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation, and effectively stops the cough. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size, 75c. For sale by Bowers & Comstock.
